

U.S. Senator 미 상원 의원 후보자

(Partisan Office, 6-year term)

Statewide 워싱턴주

United States

Dino Rossi 디너 러씨

(Prefers Republican Party)

Elected Experience:

State Senator representing Washington's 5th district in East King County from 1996 to 2003.

Other Professional Experience:

As Chair of the Senate Ways & Means Committee, Dino built a bipartisan coalition to balance the largest budget deficit in state history without raising taxes while still protecting the disadvantaged. Rossi has a history of working across party lines to make a difference for Washington families. He was the Republican nominee for Governor in 2004 and 2008.

Education:

B.A. in Business Management from Seattle University.

Community Service:

Board for the Special Olympics for Washington. Deans Advisory Board for School of Business at Seattle University.

Statement:

Our country is in trouble. Congress has mortgaged America's future by passing trillion dollar budget deficits, wasteful stimulus packages, and Wall Street bailouts.

Instead of acting to help our economy and create jobs, Congress has amassed massive debt our children and grandchildren will have to pay. Instead of encouraging job growth, the government has taken over everything from banks to car companies to the student loan program. Instead of helping families by making health care affordable, Congress' bill will increase premiums and taxes while slashing Medicare. Their approach has failed. Washington's unemployment rate is dangerously close to 10%, our national debt has soared past \$13 trillion, and taxes on working families keep rising. Our economy is headed for a breaking point, with no end in sight.

But we can't change direction until we change the political leadership that seems more interested in their political ambitions than in getting things done.

My plan is simple: Cut the massive growth in federal spending that has created these huge deficits and will double our national debt in five years. Pass a Balanced Budget Amendment, because neither Republicans nor Democrats in Washington, DC have any discipline when spending your money. Fix the tax code to reward work, saving, and the investments that create jobs while closing special interest loopholes that favor the politically connected.

Replace the health care bill and reform health care by taking power away from big government and insurance companies and giving it back to patients and their doctors.

Finally, I know America's best days are ahead of us, if only we unleash the energy and talent of the American people and get government back to its proper, more limited role. That will be my mission as your Senator. I ask for your vote on Election Day.

Statement:

This has been a year of hard choices for many Americans. As we pick up the pieces of a shattered economy created by Wall Street greed, two wars, and ill advised economic policies, it is more important than ever to have people in Congress who will stand up for working families. As a husband of 38 years, a father of three boys and a new grandfather, I believe there are some very basic principles at stake in this year's election:

Hard work should be rewarded, not irresponsible avarice. That's why I voted against the Wall Street Bank Bailout bill last year and that's why I am fighting for financial reform based on the principle that if a bank is too big to fail, it is too big. I am also a strong supporter of the deficit reduction commission.

Working families come first. That means creating decent jobs and defending the hard-fought protections for worker safety, health insurance, and pensions. It means helping families afford to send their kids to college and care for their aging parents. It means fixing Medicare, by eliminating the "donut hole," and continuing to fight any effort to privatize social security. And it means upholding the solemn commitment to our veterans and their families.

We must generate a new economy based on rational policies. I have been a leader in advancing sensible energy policies that can create millions of new clean energy jobs and protect the environment. Do we need any more proof that our continued addiction to oil is unsustainable after the Gulf oil spill disaster?

America is the greatest nation on earth because we are always willing to face our problems and move forward. I ask for your vote so that we can continue that grand tradition.

James Watkins, 제임스 왓킨스

(Prefers Republican Party)

Elected Experience:

Not a professional politician. Four years federal experience cutting unneeded spending for the Chairman and Board of the FDIC. Elected to Vestry at Holy Cross Church, and Board of Redmond Lacrosse Club.

Other Professional Experience:

Broad career ranging from mechanic to Microsoft Director, have managed successful businesses in U.S. and internationally for 20+ years. As small business expert, worked with businesses in all 50 states and helped create thousands of jobs.

Education:

BBA, MBA (International Business/Finance), George Washington University.

Community Service:

Active in youth coaching, Boy Scouts, and charity work. Active cyclist and motorcyclist - STP, MS150, charity rides. Married for 25 years; two children.

Statement:

Our nation is in the midst of an economic and fiscal crisis. Congressional leaders are on the wrong track--- and spending us into ruin. Jay Inslee has supported their ill-conceived measures 99% of the time. We need a fresh approach and independent leadership that doesn't always follow the party line.

Mr. Inslee voted for a trillion dollar stimulus that didn't work; a Cap and Trade scheme that will send more jobs overseas; government mandated healthcare that robs \$500 billion from Medicare, federal internet regulation, and a dramatic expansion of government with trillion dollar deficits for our kids.

This staggering debt hurts the value of the dollar in your pocket, and the ability of our nation to defend itself in a dangerous world. We need affordable, common-sense policies that encourage a sound economy with family jobs that protect our unique Northwest quality of life. That's why I'm running. I'm not a politician. I'm a father and small business expert - a practical problem solver with proven business and leadership experience. I want to make sure our kids inherit a better America.

I've cut federal spending at the agency level - and helped create thousands of jobs in the private sector. More jobs are the solution to our current economic mess. I'll bring common sense policies to Congress to boost job creation. And, I'll fight to stop spending money we don't have, streamline government, honor our veterans, and end the influence of special interests. I will work for you, not the lobbyists.

I have the support of Attorney General Rob McKenna and thousands of Republicans, Democrats, and independents who want to create real jobs, respect Constitutional freedoms, and restore fiscal responsibility in Washington DC. With your vote, we can restore the promise of the American dream for our children and grandchildren.

Norm Dicks 놉딕스

(Prefers Democratic Party)

Elected Experience:

U.S. Congress, Washington's 6th District, 1977 – Present. Committee assignments: Vice Chair, House Appropriations Committee; Chair, Defense Appropriations Subcommittee; Vice-Chair, Interior and Environment Appropriations Subcommittee.

Other Professional Experience:

Staff, U.S. Senator Warren G. Magnuson (WA)

Education:

Bachelor of Arts, University of Washington, 1963; Juris Doctorate, University of Washington, 1968.

Community Service:

Norm is active in numerous community service organizations in Washington State. His community involvement includes serving as an honorary member of Rotary clubs in his district, on the Congressional Advisory Council of the Henry M. Jackson Foundation, and as a member of the Puget Sound Naval Bases Association.

Statement:

Norm Dicks has built a well-deserved reputation as a hardworking public servant who remembers where he came from and who he fights for.

Norm knows that many families throughout his district are facing tough times because of the recent recession, and he is committed to using his influence in Congress to help communities bring new jobs and economic opportunities. Norm is fighting to make sure that Boeing has a fair shot at winning the bid for the Air Force air refueling tanker program, which will support thousands of good jobs in Washington State. He is committed to reducing our dependence on foreign oil and bringing clean energy jobs here. Norm will continue working to secure federal assistance for economic development efforts for communities in his district, including major ongoing downtown renewal projects in Tacoma and Bremerton.

Norm remains focused on protecting the lands we cherish, the air we breathe and our valuable water resources. He has fought to improve Washington's three National Parks, championed the cause of protecting Puget Sound and Hood Canal and worked to restore critical habitat to enhance our Northwest salmon runs.

Norm has been a steadfast advocate for our military men and women, veterans, and their families. He's fought for better education opportunities and medical care for military personnel and their families, and supported the largest increase in veterans' health care funding in the history of the Department of Veterans Affairs. During his next term, Norm will remain focused on ensuring that the men and women who serve in our armed forces have the facilities and equipment necessary to help complete their mission and to return home safely.

Norm Dicks, our voice in Congress, would appreciate your support based on his record of accomplishment, continued hard work, and pledge to keep fighting for our interests.

Doug Cloud 더그 클라우드

(Prefers Republican Party)

Elected Experience:

No information submitted

Other Professional Experience:

Doug Cloud has operated an independent Tacoma law practice for 18 years. A recognized employment law expert, his broad legal experience includes cases involving civil rights, whistleblowers, fraud, bankruptcy, and civil litigation. Doug Cloud served previously as Assistant Deputy Prosecutor for Pierce County, and Deputy Prosecutor for Kitsap County. He also worked for Pierce County Parks; the Kingdome, where he was elected shop steward and negotiated union contracts; and as a stock broker.

Education:

Fife High School, 1975 - elected Student Body President; University of Washington - BA Economics, 1980; JD 1983

Community Service:

Doug Cloud coached soccer for the Peninsula Athletic Association.

Statement:

Doug Cloud is ready to serve us by working in Congress to restore job growth, prosperity and stability for Washington State and America. He'll work to control spending, balance the budget, tackle the debt and fight for government accountability. We need leaders who stand on principles. Doug Cloud has fought both government and private-sector corruption as an independent attorney and former Deputy Prosecutor. In Congress, Doug Cloud will help us clean house and take our country back from career politicians, bureaucrats and special interests that spread a culture of corruption in Washington, DC.

Doug Cloud earned a proven record of integrity and excellence in service from his career helping thousands of our neighbors solve real-world problems, root out fraud and expose scams. He's won justice for his clients before Washington State's Supreme Court and the Federal 9th Circuit Appellate Court.

With some of Washington's highest unemployment in our district, we've all been hurt by the economic crisis. A life-long 6th district resident, Doug Cloud learned the value of hard work during his youth working on a farm, in a factory and in the lumber industry.

Bringing good jobs back to Washington means government must tighten its belt, just as your family has. Americans already owe \$13 trillion in national debt, \$53 trillion in un-funded liabilities - with no way to pay. We can do better, and we must. Doug Cloud will fight to end the back-room deal-making, run-away spending and job-killing regulations, leading the charge for Constitutional economic solutions.

Send Doug Cloud to Congress to bring sustainable jobs back to Washington; enforce existing immigration laws; advocate sensible economic solutions, not bailouts; protect seniors and veterans by repealing government-run healthcare threatening Medicare and TRICARE; and reunite Washington families by seeking an honorable end to the wars in Afghanistan and Iraq.

Statement:

All elections are important, but the choices we make in this year's contest are crucial for the future of our country. We face daunting challenges in so many areas – and how we respond to them will set our course for many years to come. The turmoil and uncertainty of the last few years has taken a difficult toll on too many Americans. Now we must take bold action to restore the vitality of our country and the promise of our future. Representing Washington's 7th District in the Congress is a great privilege and a grave responsibility. I ask for your support now to continue that work as a strong and thoughtful voice for progressive change.

I am eager to return to the Congress to tackle the momentous issues before us. The landmark health care reform legislation enacted earlier this year must be implemented carefully to fulfill its promise of more and better care for all Americans. We must, finally, end the war in Iraq and provide the ongoing care needed by our soldiers and veterans. Our economy is still stumbling, and millions of Americans remain unemployed. And the catastrophic oil spill in the Gulf of Mexico underscores our urgent need to recast our energy policies and practices to develop the sustainable energy resources that will allow us to prosper in a changing world.

We can solve these problems with determined effort and clear purpose. I am committed to this effort and to the goals of a strong and productive society: affordable housing; employment opportunity; fair and progressive wages and taxation; reproductive choice; uncompromised civil rights and liberties; and trade policies that respect workers' rights and protect the environment.

I invite you to review my record, and ask for your vote. Thank you for your support.

Member of Citizens' Climate Lobby a grassroots organization urging congress to enact a carbon fee with revenue distributed equally to all; Serve as Court Appointed Special Advocate (CASA) for dependent children; Member of Sierra Club, Cascade Bicycle Club and ACLU; Support efforts of Sky1, Climate Solutions, and Fuse

Statement:

I am running for office because Congress needs to act now to stop global warming. It is time for serious measures to reduce greenhouse gas emissions. If we wait too long our children and grandchildren may be unable to prevent runaway climate change.

Several bills are pending. The best, "fee and dividend", are being ignored. Under these bills producers of fossil fuels would pay a fee on carbon content. Revenue would be distributed equally to all citizens. The plan I favor would distribute about \$300 per person the first year, rising to \$1500 in the tenth year. Dividends from the "cap and dividend" bill proposed by Senators Cantwell and Collins would be similar. Dividends make these taxes progressive. Otherwise they would be regressive.

"Cap and trade" bills supported by party leaders in both houses initially provide free permits to greenhouse gas emitters. They contain loopholes to placate the pollution lobby. Profits benefit wealthy global investors. This is an extremely regressive tax.

It is time to inform voters about the options then ask which they prefer. Voters, not lobbyists, should be the ultimate source of political will. I am campaigning door-to-door encouraging voters to demand action to stop global warming. Having visited 60,000 homes talking to several thousand people I am confident that most people want action and recognize that an equally distributed dividend would benefit themselves and most others.

If elected officials would inform voters of the choices and ask their preference, "fee and dividend" would easily win over "cap and trade". We need to convince officials that constituents' votes are more important than lobbyists' dollars.

We can stop global warming. Vote for action.

Suzan DelBene 수잔델벤

(Prefers Democratic Party)

Elected Experience:

I've never run for elective office.

Other Professional Experience:

I've spent 20 years as a businesswoman and entrepreneur: a Vice President at Microsoft; a leader of local startups; and advisor to a non-profit helping struggling families.

Education:

B.A. from Reed College; M.B.A. from University of Washington.

Community Service:

I've served as a mentor to students at UW Business School. I've been active in my church as a board member and Stephen's minister, supporting those going through crises. I've been a volunteer with the PTA, the Girl Scouts and at the YWCA, supporting transitional housing, job training and services to help families get back on their feet.

Statement:

After years of great risk taking and excessive, inefficient government spending, our economy continues to struggle. It's time to bring sound fiscal leadership to Congress. I believe my experience creating jobs and managing budgets can help us find a way out of this mess, reduce spending, and put people back to work.

I've spent 20 years as a business leader and entrepreneur, including as a Vice President at Microsoft and as a leader of local startups. I understand the challenges small businesses face and the role that government can play in helping - or stifling - innovation and job growth.

We must build on our region's legacy and skills by promoting an innovation-based, small business-driven economy. Government alone can't create jobs, but it can help nurture small businesses and new industries, encouraging their development as they produce new job opportunities.

To create economic opportunity, we must get serious about fiscal accountability -cracking down on Wall Street, ending taxpayer bailouts, demanding strict rules on risky banking practices, and eliminating tax loopholes that contribute to our outrageous debt.

I understand the importance of creating opportunity at every step of the economic ladder. Growing up, my father was frequently out of work and my family struggled financially. I worked my way through college and have volunteered at my church, at the YWCA, and worked with a non-profit, helping struggling families get back on their feet.

The incumbent has been in elective office for 14 years. He and his colleagues in Congress have demonstrated they don't have the expertise or the political courage to solve the fiscal and economic challenges we face. It's time for new blood with a different approach. I have the right experience to help revive our economy. I'm proud to be the Washington State Democratic Party's official nominee for Congress.

Community Service:

Member of Federal Way Kiwanis Club; Member of St. Matthew's Church in Browns Point; Member of Northeast Tacoma Elementary PTA where my wife, Sara, served as PTA President for 2 years; participant in Tacoma's 1st Annual Dancing with the Stars Competition benefiting the Tacoma Musical Playhouse; past board member of Judson Park Retirement Home; participant in the Soundview Little League; participant in Norpoint Youth Soccer Club

Statement:

I grew up in the Ninth District. My father was a ramp serviceman at SeaTac, my mother a homemaker. They taught me the values that have guided me as a prosecutor, state senator, and congressman - integrity, hard work, personal responsibility, and independence. I live in Tacoma with my wife, Sara, and our two children – ten-year-old Kendall and seven-year-old Jack.

We are facing tough times as a nation. Our country has been hit hard by the global recession and our recovery must continue by putting Americans back to work. This begins by encouraging innovation and allowing small businesses to flourish. We must also ensure that our nation is prepared to compete and win in the global marketplace, and to give workers the support they need to get good jobs through education and job training. During these tough economic times, we cannot lose sight of fiscal discipline. I have supported a balanced budget and believe that we must make the tough choices to ensure that our federal budget is sustainable in the long-term.

Despite the economic challenges that we face, caring for the members of our armed services and their families must remain a priority. We must ensure that our soldiers are properly equipped as they protect our nation and they are cared for when they return home. I am working to ensure that the VA remains capable of delivering quality healthcare that is capable of serving the unique needs of the veteran population. This includes meeting the demands of our newest veterans, those who have served in Iraq and Afghanistan.

It is an honor to serve the people of Washington's Ninth Congressional District, I hope to earn your support this fall.

Statement:

Stationed at McChord AFB, I married the love of my life Mary, settled down in my adopted hometown of Steilacoom and raised four children who are now married and having our grandchildren.

Future generations will not have the same quality of life we enjoy if the out-of-control spending by the incumbents is not stopped. This generational theft threatens the economic vitality and future of our country. Our government has taxed, borrowed, and spent an exorbitant amount of your money. Every American owes over \$40,000 on behalf of the government. Record deficits and lack of smart oversight have mangled the job market and hurt small business growth.

The incumbent speaks like a moderate, but his voting record essentially follows Nancy Pelosi and the liberal congress. With so-called "Obamacare", the failed stimulus package, special interest earmarks, corporate bailouts, cap and trade (an enormous domestic energy tax increase), and increased foreign aid, the incumbent has ballooned our debt and reliance on foreign countries.

My votes will support federal priorities of ensuring a good business climate for job creation, supporting military families and veterans, giving control of educational priorities to local school boards, promoting energy independence, preserving our beautiful environment, and protecting our borders from illegal aliens.

I am proud to be endorsed by Attorney General Rob McKenna, the Lakewood Police Independent Guild, numerous elected officials throughout Washington State, and thousands of private citizens who are concerned about the direction of our country. I encourage you to visit DickMuri.com to learn about my solutions and strategies to strengthen our country.

We need a congressman who votes the way he talks. America is a great nation; we must have responsible solutions to our problems, and a sustainable federal government that adheres to our Constitution's enumerated powers.

Statement:

You deserve a Mayor that shows true leadership, serves as your advocate and stands up for what is right for the future of this City.

As a member of the City Council for the past six years (two of them as your Deputy Mayor) I have a vision for our future and I am the only candidate that supported and fought for your right to vote for this important office

As your Mayor, I will fight for:

Safe public spaces: By establishing a police substation at the Sound Transit Parking Garage and improving public safety in our community;

A vibrant city core: By attracting living-wage jobs, retail development, and a downtown park; and

Fiscal responsibility: By eliminating wasteful spending, unnecessary projects and council travel. I will always serve as steward of your hard-earned tax dollars.

Together, we can truly make this a new day for Federal Way!
