

100 DAYS OF INVESTMENT: \$5+ TRILLION IN NEW INVESTMENT FUELS AMERICA'S FUTURE

April 29, 2025

President Donald J. Trump has secured over [\\$5 trillion](#) in new U.S.-based investments in his first 100 days, which will create more than 451,000 new jobs as he sets the stage for a new era of American prosperity. From advanced manufacturing to cutting-edge artificial intelligence infrastructure, these historic investments — spurred by President Trump's unwavering commitment to revitalizing American industry — will reinforce the U.S. as the global leader in innovation and economic growth.

The announcements keep coming. In recent days:

- **IBM** [announced](#) a \$150 billion investment over the next five years in its U.S.-based growth and manufacturing operations.
- **Thermo Fisher Scientific** [announced](#) it will invest an additional \$2 billion over the next four years to enhance and expand its U.S. manufacturing operations and strengthen its innovation efforts.
- **Corning** [announced](#) it is expanding its Michigan manufacturing facility investment to \$1.5 billion, adding 400 new, high-paying, advanced manufacturing jobs.
- **Merck & Co.** [announced](#) a \$1 billion investment to build a new state-of-the-art biologics manufacturing plant in Delaware, which will create at least 500 new jobs — part of the company's [commitment](#) to invest more than \$9 billion over the next four years.
