1 I think no one can overcome or exclude  
2 the Hamas. Hamas is also present in the  
3 West Bank. Hamas is present in in  
4 Jerusalem in in the diaspora. Therefore,  
5 Hamas is is not only the government in  
6 Gaza and therefore uh yes, we are ready  
7 to to leave the government uh for a  
8 Palestinian body, but we are still there  
9 on the ground. We we are not going to to  
10 be disarmed as long as we are not sure  
11 that this will lead by any other means  
12 to have an independent self-s sovereign  
13 state which is able to defend itself.
