30	for the two leading economies of the
31	world to have frictions now and then.
32	And in the face of winds, waves and
33	challenges, you and I at the helm of
34	China US relations should stay the right
35	course
36	and ensure the steady sailing forward of
37	the giant ship of China US relations. I

70	the Cambodia Thailand border
71	to which you had provided input.
72	China has been helping in our own way
73	Cambodia and Thailand properly settle
74	their border disputes
75	and we have also been promoting peace
76	talks to resolve other hotspot issues.
77	The world today is confronted with many
78	tough problems. China and US can jointly
79	shoulder our responsibility as major
80	countries and work together to
81	accomplish more
82	great and concrete things for the good
